This penalty will also apply if teams play illegal players.

Match Officials

- 5.1 Teams in all divisions will provide a qualified umpire or one that has attended a course and is being mentored for the teams designated matches. Rules books can be purchased from Derbyshire Officiating TSG members
- 5.2 If the controlling (i.e. if play is in that umpires half) umpire feels that the actions of a team or individual within a team may constitute dangerous play, then they may stop the match and speak to the player(s) concerned. A Club Team Official may be asked, if necessary to observe the communication
- 5.3 If either of the umpires feels that the actions of a team or individual within or associated with a team are causing aggravation to either the umpires or the opposition, then they will speak with a Team Official and submit a report of the behaviour to the League Organiser. The team will receive a written warning, and any further offence will mean that their team will be removed from the league fixtures

Actions/attitudes that may be seen to be "not in the spirit of the game" are:-

- Continual intimidation of umpires
- Not playing within the rules because of the inexperience of an umpire

Please refer to the Code of Conduct.

- 5.4 It is recommended that all teams provide a scorer and timer for their own matches. Scorers should sit together. If one team cannot provide a scorer, then both umpires will need to score themselves
- 5.5 Umpires can only umpire a maximum of two matches a night, and a maximum of one match if under 18.

Derbyshire Netball - Promoting wider participation and a positive playing experience

Code of Conduct

- 1 Teams must be ready to start on time, with nails smooth and short and jewellery off. This applies to all piercing and acrylic nails. Having tossed with the opposition for the first centre pass the winning team should notify the umpires.
- 2 No player should directly question an umpire's decision. If anyone needs a decision clarifying, then their team manager/captain should approach the umpire at the next interval.
- 3 Players need to be mindful of the ethos of the league, which is to promote participation and create a positive playing experience for all involved.
- 4 Please also be aware that inexperienced players make contact because of lack of ability, so all players should make allowances for this and not put them in a situation that could force a penalty, such as the old form of blocking.
- 5 Rule 17 in the England Netball Rules book explains the contact rule.
- 6 The league wants to promote an open and skilful game; and we want the netball to be an enjoyable experience for everyone.
- 7 **Courtesy** – A game cannot be played without Umpires, so respect their decisions and thank them after the game. A personal thank you from the captain would be appreciated. Shake hands with your opponents at the end of the game, and give "three cheers" as a team.
- 8 Coaches/Team managers should notify the opponents and umpires prior to a match being played if a match is being played as a friendly.
- 9 Teams should ensure that all litter is cleared away.
- 10 Spectators are welcome, but must conduct themselves appropriately
- 11 Increasingly people are asking for permission to video games for School/Club activities, so those wishing to do so must complete a form, which will be available on the website and send this to Mary at least 4 days before a game. The form, once approved, will also need to be shown to umpires and team managers on the night. Anything videoed may only be used for the purpose requested.

Please ensure that all members are aware of the Rules and code of Conduct.
